FOREWORD

In view of world tensions and the swift pace of rapid changes, we decided upon "Our American Heritage" as a theme for the 1964 Regent. Each picture on this page represents a content, and each content has been part of our heritage throughout the years. The tensions and events of our years in school will help to prepare us for the future. We have handled and dealt with problems, and we have a knowledge of world events and affairs of government. Students take part in the Student Council and our curriculum is rich in history and government. We enter the world not unknowing - but with the knowledge of these things that will help us to shape America's Heritage.

IN APPRECIATION

MRS. MILDRED BAILEY

For her many years of service to the teaching profession, we wish to show our appreciation to our retiring teacher, Mrs. Bailey. She has served our community, as well as neighboring ones, for many years. Her poetic ability, sense of humor and friendly nature are a part of her methods of teaching. She has enjoyed spending her summers in a cabin at the foot of the mountains where her husband is an employee of the Conservation Department. This demonstrates Mrs. Bailey's love of the outdoors, not the least of which is her bird feeder outside her picture window.

Mrs. Bailey, because of all your help and an always friendly smile, you are truly a part of our American Heritage.

MRS. AILEEN HARBLIN

We wish to express our appreciation to Mrs. Harblin, who is another retiring teacher. She is always ready to do her part - from teaching to a talent show. Her dedication, devotion and friendly nature have made her association with us a most pleasant one. She has both athletic and artistic talents. Music, painting, swimming and skiing are among her favorites. Her husband is an avid sportsman and so trips to Canada are frequent. Mrs. Harblin also enjoys bird watching. Her artistic talents are reflected in her son who is an accomplished artist and musician. She also is an avid supporter of school and community activities ranging from carnivals and suppers, to shopping.

Mrs. Harblin, all your support and gracious manner are a part of our American Heritage.

Hello Candy - To one of the most humorous and goal-natured people I know.

What a boy - did a 'tough' class. You

tease! Boy oh

you ever give me time in Hon. Mus. started to come into your

own with the junior dance band. I hope that music always brings you a lot of enjoyment. Good luck, young lady.

DEDICATION

Mr. C.

Oh yes. - No more punching Linda Collins in the nose, either. What a girl!!!

Your long hours of practice, patience and work, will be remembered by all.

The improvement of the instrumental instruction in our school started with the development of the stage and elementary bands and the betterment of the other bands.

No matter how hard you worked, you still found time to be interested and dedicated to each student. You were always ready to fix an instrument, pitch a ball or even solve a problem.

Your interests include not only music, but also French.

The time and hours you have spent with us, both helping and teaching, are a part of us and our American Heritage.

BUSINESS DEPARTMENT —

DOROTHY E. MENDELSON, Instructor

Over the years the Business Department has progressed and grown with the times. At present there are 80 different students in the Department with a total enrollment of 112 students - many students take more than one business subject. The dictating machine was purchased so machine transcription could be added to the curriculum. An electric mimeograph machine and electric typewriters and calculators are available. Also, the students are now being taught how to use the new bookkeeping machine in Clerk Floyd Rockhill's office. The students get a well-rounded curriculum starting with the general business course which introduces the subject matter to be studied at length in law, bookkeeping and secretarial practice. Typewriting and 2 years of shorthand complete the study of business subjects. Besides this, the students have four years of English, Social Studies, Math, and Science. Students can even squeeze in a language if the schedule permits. The objective of the department is to train students for an office job upon graduation from high school. Many

former students are working in offices around the state - several on Civil Service jobs. A knowledge of typing and bookkeeping have helped boys who have served in the armed forces.

BOARD OF EDUCATION

Without the concerted efforts of these men, the unity, structure and organization of this school would be impossible. Much time is given to the planning which is necessary for an effective, efficient, smooth-functioning, educational institution.

Recent years have seen a language lab, band uniforms, scientific equipment, visual aids, home economics appliances, a new piano and a new bus. This long-range program of adding to our facilities is bound to improve the services offered.

This program indicates the necessity of careful organization, knowledge of finances, wise use of the tax dollar and just the plain time and work required from the average Board of Education member.

We wish to express our appreciation and gratitude to this most essential group. We can be proud and thankful that we may obtain a free public school education. This education is a part of the American tradition and an essential part of our American Heritage.

H.W. Wagar

What a rich HERITAGE you come into and what a wonderful country we really have.

Hate triggered a gun on November 22, 1963, killing a man holding the most important office in the world as well as a young law officer; but the machinery of democracy went on without chaos, revolution, or economic panic.

Our Founding Fathers gave us a system of government which, though not flawless, cannot be matched for practicality anywhere in the world.

While the entire world grieves with us for our young president, we re-unite, recalling Lincoln's words:

"That from these honored dead we take increased devotion that this nation, under God, shall have a new birth of freedom."

That you may always treasure this heritage and live many days to enrich and enjoy it is my wish for the class of 1964.

SENIOR PLAYS

The Senior Class presented two one act plays: BEAT IT BEATNICK (pictures above), and COMIN' ROUND THE MOUNTAIN (pictures below).

Everyone worked hard to make the plays a big hit. Their success was due not only to the actors, but also to the people you didn't see: the sound effects, advertising, scenery, and of course most of all, our two producers and directors, Mrs. Smith and Mr. Friedman.

Candy,
Remember the good
times we had taking
care of who stand and
at my Birthday parties.
Good luck in the boys
future with
Love ya.

Candy,
Best wishes and lots of
fun and good luck to the
best of
Love ya,
